AVIAN DISEASES 40:953–961, 1996

CONTENTS—JANUARY–MARCH 1996

Cyclophosphamide (Cytoxan®)-induced hematologic alterations in specific-pathogen-free chickens. R. M. FULTON, W. M. REED, H. L. THACKER, AND D. B. DENICOLA 1

Comparison of enzyme-linked immunosorbent assay and hemagglutination-inhibition for detection of antibody to Mycoplasma gallisepticum in commercial broiler, fair and exhibition, and experimentally infected birds. M. L. EWING, S. H. KLEVEN, AND M. B. BROWN 13

Receptivity and susceptibility of the domestic duck (Anas platyrhynchos), the Muscovy duck (Cairina moschata), and their hybrid, the mule duck, to an experimental infection by Eimeria mulardi. O. SERCY, K. NIE, A. PASCALON, G. FORT, AND P. YVORÉ 23

The effect of bacterial surface structures on the pathogenesis of Salmonella typhimurium infection in chickens. MARGIE D. LEE, ROY CURTISS III, AND TRACY PEAY 28

Immunity to Eimeria tenella in chickens: phenotypical and functional changes in peripheral blood T-cell subsets. DOMINIQUE G. J. BREED, JAN DORRESTEIN, AND ARNO N. VERMEULEN 37

Characterization of monoclonal antibodies against infectious laryngotracheitis virus. FERHAT ABBAS, JAMES R. ANDREASEN, JR., ROCKY J. BAKER, DONALD E. MATTSON, AND JAMES S. GUY 49

Development of a polymerase chain reaction and a nonradioactive DNA probe for infectious laryngotracheitis virus. FERHAT ABBAS, JAMES R. ANDREASEN, JR., AND MARK W. JACKWOOD 56

Increasing the yield of Eimeria tenella oocysts in primary chicken kidney cells. JIANFEI ZHANG, ERIC WILSON, SHIGUANG YANG, AND MARK C. HEALEY. 63

Effect of semduramicin, salinomycin, and monensin on performance, shank pigmentation, and coccidial lesions in broiler chickens in floor pens. L. R. MCDOUGALD, G. F. MATHIS, AND D. P. CONWAY 68

Heat destruction of salmonella in poultry feed: effect of time, temperature, and moisture. SAKCHAI HIMATHONGKHAM, MARIA DAS GRAÇAS PEREIRA, AND HANS RIEMANN 72

Interferon modulation of Marek's disease virus genome expression in chicken cell lines. LUCIA M. VOLPINI, BRUCE W. CALNEK, BARBARA SNEATH, MARGARET J. SEKELLICK, AND PHILIP I. MARCUS 78

Immunohistochemical study of a chondroitin-6-sulfate in growth plates of broiler chickens with high and low genetic predispositions to tibial dys-

chondroplasia. Junxiu Ling, S. A. Kincaid, G. R. McDaniel, J. E. Bartels, and B. Johnstone 88

A pathogenic challenge model for adult Northern bobwhite (Colinus virginianus) using a vaccine strain of Pasteurella multocida Type 3. C. B. Dabbert, R. L. Lochmiller, R. J. Morton, and K. C. Powell 99

Primary cell culture of turkey intestinal epithelial cells. Akbar Ali and Donald L. Reynolds 103

Apoptosis in cell cultures induced by infectious bursal disease virus following in vitro infection. K. M. Tham and C. D. Moon 109

Avian infectious bronchitis: viral persistence in the harderian gland and histological changes after eyedrop vaccination. H. Toro, V. Godoy, J. Larenas, E. Reyes, and E. F. Kaleta 114

Causes of morbidity in bustards in the United Arab Emirates. T. A. Bailey, J. H. Samour, J. Naldo, J. C. Howlett, and M. Tarik 121

Comparison of the genomic short regions of a vaccine strain (SA-2) and a virulent strain (CSW-1) of infectious laryngotracheitis virus (gallid herpesvirus 1). Halina M. Trist, Scott G. Tyack, Michael A. Johnson, Christopher T. Prideaux, and Michael Sheppard 130

Characterization of the avian polyomavirus-associated glomerulopathy of nestling parrots. David N. Phalen, Van G. Wilson, and David L. Graham 140

Characterization of Bangor virus proteins by using monoclonal antibodies. Xiaojuan Mao, Shigeru Kusagawa, Masato Tsurudome, Hiroshi Komada, Mitsuo Kawano, Machiko Nishio, and Yasuhiko Ito 150

Experimental reproduction of severe hypoglycemia and spiking mortality syndrome using field-derived and embryo-passaged preparations. James F. Davis, A. E. Castro, J. C. de la Torre, H. J. Barnes, J. T. Doman, M. Metz, H. Lu, S. Yuen, P. A. Dunn, and M. N. Teng 158

Efficacy of a recombinant fowl pox-based Newcastle disease virus vaccine candidate against velogenic and respiratory challenge. Jill Taylor, Lance Christensen, Russell Gettig, Jacqueline Goebel, Jean-François Bouquet, Thomas R. Mickle, and Enzo Paoletti 173

Runting of ducklings associated with Cochlosoma anatis infection. Trent K. Bollinger and Ian K. Barker 181

Efficacy of Salmonella enteritidis (SE)-immune lymphokines from chickens and turkeys on SE liver invasion in one-day-old chicks and turkey poults. Richard L. Ziprin, Michael H. Kogut, Edward D. McGruder, Billy M. Hargis, and John R. DeLoach 186

Tween 80-solubilized Newcastle disease virus prepared as a water-in-oil-in-water vaccine. S. Čajavec, Z. Bidin, D. Sladić, and B. Pokrić 193

Multicentric histiocytosis in young chickens. Gross and light microscopic pathology. SCOTT HAFNER, MARK A. GOODWIN, EUGENE J. SMITH, DENISE I. BOUNOUS, MICHELLE PUETTE, LYNDA C. KELLEY, K. A. LANGHEINRICH, AND A. M. FADLY 202

Influence of chicken breed on pathogenicity evaluation of velogenic neurotropic Newcastle disease virus isolates from cormorants and turkeys. D. J. KING 210

Research Notes—

Polymerase chain reaction optimization for Mycoplasma gallisepticum and M. synoviae diagnosis. RICARDO M. SILVEIRA, LAURIMAR FIORENTIN, AND EDMUNDO K. MARQUES 218

Acute cardiotoxicity of moniliformin in broiler chickens as measured by electrocardiography. R. Y. NAGARAJ, W. WU, J. A. WILL, AND R. F. VESONDER 223

Lysis of erythrocytes by Trichomonas gallinae. G. A. DE CARLI, A. C. DA SILVA, A. WENDORFF, AND M. ROTT 228

The chronic effects of Fusarium moniliforme culture material, containing known levels of fumonisin B_1, in turkeys. A. J. BERMUDEZ, D. R. LEDOUX, J. R. TURK, AND G. E. ROTTINGHAUS 231

Case Reports—

Copper sulfate toxicosis in commercial laying hens. ROBINETTE W. GILBERT, JEAN E. SANDER, AND THOMAS P. BROWN 236

Causes of losses including a Borna disease paralytic syndrome affecting young ostriches of one breeding organization over a five-year period (1989–1993). E. ASHASH, M. MALKINSON, R. MEIR, S. PERL, AND Y. WEISMAN 240

Mycobacterium genavense infection in canaries. A. RAMIS, L. FERRER, A. ARANAZ, E. LIÉBANA, A. MATEOS, L. DOMÍNGUEZ, C. PASCUAL, J. FDEZ-GARAYAZABAL, AND M. D. COLLINS 246

Guidelines for Authors 252

CONTENTS—APRIL–JUNE 1996

Poultry vaccine laboratories in the United States: A historical perspective. STEPHEN B. HITCHNER 255

Comparison of procedures to detect Chlamydia psittaci antibodies in cockatiels (Nymphicus hollandicus). THOMAS N. TULLY, JR., SIMON M. SHANE, JAMES E. GRIMES, ROBERT P. POSTON, AND MICHAEL T. KEARNEY 266

Evaluation of disinfectants against Salmonella enteritidis. S. DAVISON, C. E. BENSON, AND R. J. ECKROADE 272

California National Animal Health Monitoring System for meat turkey flocks—1988–89 pilot study: Management practices, flock health, and production. KATHRYN H. CHRISTIANSEN, DAVID W. HIRD, KURT P. SNIPES, CYRUS DANAYE-ELMI, CHARLES W. PALMER, MICHAEL D. MCBRIDE, AND WILLIAM W. UTTERBACK 278

The occurrence of infectious and parasitic diseases in poultry slaughtered in the District of Olsztyn, Poland, 1986–91. MIECZYSŁAW RADKOWSKI, JAN URADZIŃSKI, AND JOANNA SZTEYN 285

Comparison of diagnostic tests for infectious laryngotracheitis. FERHAT ABBAS AND JAMES R. ANDREASEN, JR. 290

Postmortem findings in bustards in the United Arab Emirates. T. A. BAILEY, P. K. NICHOLLS, J. H. SAMOUR, J. NALDO, U. WERNERY, AND J. C. HOWLETT 296

Variations in response of four lines of ring-necked pheasants to infection with marble spleen disease virus. L. S. KUNZE, S. D. FITZGERALD, A. RICHARD, R. BALANDER, AND W. M. REED 306

Responsiveness of the Glucocorticoid-suppressed pituitary-adrenocortical system of pigeons (Columba livia domestica) to stimulation with arginine vasopressin. I. WESTERHOF, W. E. VAN DEN BROM, AND J. A. MOL 312

Ultrasound for detecting Osteomyelitis in turkeys. AHMED MUTALIB, MERRILEE HOLLAND, H. JOHN BARNES, AND CAROLYN BOYLE 321

The minimum inhibitory concentration of Tilmicosin and Tylosin for Mycoplasma gallisepticum and Mycoplasma synoviae and a comparison of their efficacy in the control of Mycoplasma gallisepticum infection in broiler chicks. F. T. W. JORDAN AND B. KAREN HORROCKS 326

Field investigation of Mycoplasma gallisepticum infections in house finches (Carpodacus mexicanus) from Maryland and Georgia. M. P. LUTTRELL, J. R. FISCHER, D. E. STALLKNECHT, AND S. H. KLEVEN 335

An antiviral effect of nitric oxide: Inhibition of reovirus replication. T. L. PERTILE, K. KARACA, J. M. SHARMA, AND M. M. WALSER 342

Production and characterization of monoclonal antibodies against avian reovirus strain S1133. LANQING LI, J. J. GIAMBRONE, V. S. PANANGALA, AND F. J. HOERR 349

A serologic survey of antibody against chicken infectious anemia virus by indirect immunofluorescent assay in domestic poultry in China. WENPING ZHOU, BING YANG, BING SHEN, SUPING HAN, AND JIAO ZHOU 358

Effect of Eimeria tenella infection on the production of Salmonella enteritidis-contaminated eggs and susceptibility of laying hens to S. enteritidis infection. Z. QIN, A. ARAKAWA, E. BABA, T. FUKATA, AND K. SASAI ... 361

Protection and synergism by recombinant fowl pox vaccines expressing genes from Marek's Disease virus. K. NAZERIAN, R. L.WITTER, L. F. LEE, AND N. YANAGIDA ... 368

Development of a chicken model for studying avian polyomavirus infection. S. D. FITZGERALD, S. M. WILLIAMS, AND W. M. REED ... 377

Virus characterization and sequence of the fusion protein gene cleavage site of recent Newcastle Disease virus field isolates from the southeastern United States and Puerto Rico. M. CLAUDIA MARIN, PEDRO VILLEGAS, JOYCE D. BENNETT, AND BRUCE S. SEAL ... 382

Effect of a characterized continuous-flow culture of cecal bacteria on Salmonella typhimurium crop colonization in broiler chicks. M. E. HUME, A. G. HOLLISTER, D. J. NISBET, D. E. CORRIER, AND J. R. DELOACH 391

Development and application of DNA probes and PCR tests for Haemophilus paragallinarum. X. CHEN, J. K. MIFLIN, P. ZHANG, AND P. J. BLACKALL ... 398

Experimental reproduction of Mycoplasma gallisepticum disease in chukar partridges (Alectoris graeca). D. A. MCMARTIN, A. J. DAMASSA, W. D. MCKEEN, DERYCK READ, BARBARA DAFT, AND K. M. LAM ... 408

Synovitis, osteomyelitis, and green liver in turkeys associated with Escherichia coli. R. DROUAL, R. P. CHIN, AND M. REZVANI ... 417

Survey of the hemagglutinin (HA) cleavage site sequence of H5 and H7 avian influenza viruses: Amino acid sequence at the HA cleavage site as a marker of pathogenicity potential. D. A. SENNE, B. PANIGRAHY, Y. KAWAOKA, J. E. PEARSON, J. SUSS, M. LIPKIND, H. KIDA, AND R. G. WEBSTER ... 425

Assessment of the ability of ratite-origin influenza viruses to infect and produce disease in rheas and chickens. D. E. SWAYNE, J. R. BECK, M. L. PERDUE, M. BRUGH, AND R. D. SLEMONS ... 438

Research Notes—

Serosurvey for Cowdria ruminantium, Coxiella burnetii, and spotted fever group rickettsiae in ostriches (Struthio camelus) from Zimbabwe. PATRICK J. KELLY, NORMAN MASANVI, HILARY F. CADMAN, SUMAN M. MAHAN, LORENZA BEATI, AND DIDIER RAOULT ... 448

No evidence for diurnal variation in the responsiveness of the pituitary–adrenocortical axis of the pigeon (Columba livia domestica) to stimulation with adrenocorticotrophin and vasopressin. I. WESTERHOF AND J. T. LUMEIJ 453

Infectious bursal disease viral RNA amplification using RT/PCR from bursa tissue following phenol:Chloroform inactivation of the virus. D. J. JACKWOOD, G. HANES, AND S. HEINS MILLER 457

Immunity to Mexican H5N2 avian influenza viruses induced by a fowl pox–H5 recombinant. ROBERT G. WEBSTER, JILL TAYLOR, JIM PEARSON, EDUARDO RIVERA, AND ENZO PAOLETTI 461

Case Reports—

A survey of sixty turkey flocks exhibiting hepatic foci taken at time of processing. R. A. NORTON, S. C. RICKE, J. N. BEASLEY, J. K. SKEELES, AND F. D. CLARK 466

Necrotizing hepatitis in pet birds associated with Pseudomonas fluorescens. M. KEVEN JACKSON AND S. NANETTE PHILLIPS 473

Malaria in a captive emu (Dromaius novaehollandiae) from Florida. JONATHAN H. FOX, ELLIS C. GREINER, PERRY BAIN, AND ROBERT JONES ... 477

Mycoplasma gallisepticum isolated from house finches (Carpodacus mexicanus) with conjunctivitis. DAVID H. LEY, J. EDWARD BERKHOFF, AND JUDITH M. MCLAREN 480

Surgical correction of ileus in a blue-and-gold macaw (Ara ararauna). HEDWIG VAN DER HORST, JOLLE KIRPESTEIN, PIM WOLVEKAMP, AND SJENG LUMEIJ 484

Concomitant ornithobacterium rhinotracheale and Newcastle Disease infection in broilers in South Africa. ARTHUR F. TRAVERS 488

Guidelines for Authors 491

CONTENTS—JULY–SEPTEMBER 1996

Bayer graduate stipend given to avian medicine in honor of retiring dean 493

The early history of infectious laryngotracheitis MORRIS S. COVER 494

In vitro attenuation of highly virulent infectious bursal disease virus: Some characteristics of attenuated strains T. YAMAGUCHI, T. KONDO, Y. INOSHIMA, M. OGAWA, M. MIYOSHI, T. YANAI, T. MASEGI, H. FUKUSHI, K. HIRAI 501

Investigation of bacterial resistance to hatchery disinfectants ERIC M. WILLINGHAN, JEAN E. SANDER, STEPHAN G. THAYER, AND JEANNA L. WILSON 510

Pathogenicity studies of an Arkansas variant infectious bursal disease virus G. R. Bayyari, J. D. Story, J. N. Beasley, and J. K. Skeeles 516

Analysis of plasmids cloned from a virulent avian Escherichia coli and transformed into Escherichia coli DH5α Richard E. Wooley, Penelope S. Gibbs, Harry W. Dickerson, John Brown, and Lisa K. Nolan 533

Lethality, hemagglutination and adhesion of Escherichia coli strains (Serotype 01) isolated in Morocco from chickens with colibacillosis A. Amara, S. El Had, T. Jirrari, and K. Bouzoubaa 540

Impact of stocking density, breed, and feathering on the prevalence of abdominal skin scratches in broiler chickens A. A. Elfadil, J.-P. Vaillancourt, and A. H. Meek 546

Influence of the host system on the pathogenicity, immunogenicity, and antigenicity of infectious bursal disease virus Mohamed K. Hassan and Y. M. Saif 553

Comparison between antigen-capture ELISA and conventional methods used for titration of infectious bursal disease virus Mohamed K. Hassan, Y. M. Saif, and S. Shawky 562

Pathogenicity, attenuation, and immunogenicity of infectious bursal disease virus Mohamed K. Hassan, M. Q. Al-Natour, L. A. Ward, and Y. M. Saif 567

Respiratory coccidiosis (Cryptosporidium baileyi) among northern Georgia broilers in one company Mark A. Goodwin, John Brown, Reynaldo S. Resurreccion, and John A. Smith 572

Genetic susceptibility to Marek's disease virus of local chickens in Taiwan James A. Lin and Tzong-Shyuan Lee 576

Evaluation of a commercial modified live virus fowl pox vaccine for the control of "variant" fowl poxvirus infections Olufemi O. Fatunmbi and Willie M. Reed 582

Antigenic characterization of an Arkansas isolate of infectious bursal disease virus G. R. Bayyari, J. D. Story, J. N. Beasley, and J. K. Skeeles .. 588

Susceptibility of pigeons to avian influenza B. Panigrahy, D. A. Senne, J. C. Pedersen, A. L. Shafer, and J. E. Pearson 600

Attenuation of lentogenic Newcastle disease virus strain B-1 by cold adaptation J. Gelb, Jr., D. J. King, W. A. Wisner, and P. A. Ruggeri ... 605

Monoclonal antibodies specific to Mycoplasma iowae P. Singh and J. A. Newman 613

Isolation, pathogenicity, and H_{120} protection efficacy of infectious bronchitis viruses isolated in Taiwan C.-H. Wang, M.-C. Hsieh, and P.-C. Chang 620

Studies of contamination of three broiler breeder houses with Salmonella enteritidis before and after cleansing and disinfection R. H. DAVIES AND C. WRAY 626

Divergent antibody responses to vaccines and divergent body weights of chicken lines selected for high and low humoral responsiveness to sheep red blood cells H. K. PARMENTIER, M. G. B. NIEUWLAND, E. RIJKE, G. DE VRIES REILINGH, AND J. W. SCHRAMA 634

Influence of Marek's disease virus strain AC-1 on cellular immunity in birds carrying endogenous viral genes M. LESSARD, D. L. HUTCHINGS, J. L. SPENCER, H. S. LILLEHOJ, AND J. S. GAVORA 645

Standardized method of aerosol challenge for testing the efficacy of Mycoplasma gallisepticum vaccines K. G. WHITHEAR, K. E. HARRIGAN, AND S. H. KLEVEN 654

Distribution of Arthritis and Osteomyelitis in turkeys with green liver discoloration A. MUTALIB, B. MIGUEL, T. BROWN, AND W. MASLIN 661

Salmonella enteritidis, phage type 4 infection in a commercial layer flock in southern California: Bacteriologic and epidemiologic findings H. KINDE, D. H. READ, R. P. CHIN, A. A. BICKFORD, R. L. WALKER, A. ARDANS, R. E. BREITMEYER, D. WILLOUGHBY, H. E. LITTLE, D. KERR, AND I. A. GARDNER 665

Sewage effluent: Likely source of Salmonella enteritidis, phage type 4 infection in a commercial chicken layer flock in southern California H. KINDE, D. H. READ, A. ARDANS, R. E. BREITMEYER, D. WILLOUGHBY, H. E. LITTLE, D. KERR, R. GIREESH, AND K. V. NAGARAJA 672

A prospective study of cellulitis in broiler chickens in southern Ontario A. A. ELFADIL, J.-P. VAILLANCOURT, A. H. MEEK, AND C. L. GYLES 677

Description of cellulitis lesions and associations between cellulitis and other categories of condemnation A. A. ELFADIL, J.-P. VAILLANCOURT, A. H. MEEK, R. J. JULIAN, AND C. L. GYLES 690

Farm management risk factors associated with cellulitis in broiler chickens in southern Ontario A. A. ELFADIL, J.-P. VAILLANCOURT, AND A. H. MEEK 699

Avian paramyxovirus type 1 from pigeons: Isolate characterization and pathogenicity after chicken or embryo passage of selected isolates D. J. KING 707

Research Notes—

Elevated plasma glycosaminoglycans in chickens with tibial dyschondroplasia induced by a fusarium oxysporum isolate QILI CHU, WEIDONG WU, MARK E. COOK, AND EUGENE B. SMALLEY 715

Hepatic and renal ultrastructural lesions in experimental Clostridium perfringens Type A enterotoxemia in chickens TH. VISSIENNON, SOLVEIG MENGER, AND INGRID LANGHOF 720

Pathogenicity of three avian influenza viruses for leghorn hens of different ages M. BRUGH 725

Modifications of a technique for support of thin, flexible tissues for microscopic examination: Application to turkey air sac membranes ROBERT A. KUNKLE 729

Case Reports—

Excessive mortality in market-age turkeys associated with cellulitis DEBORAH CARR, DANIEL SHAW, DAVID A. HALVORSON, BRET RINGS, AND DONALD ROEPKE 736

Two outbreaks of colibacillosis in commercial caged layers A. SINGH DHILLON AND ORIKI K. JACK 742

Guidelines for Authors 747

Instructions for Submission of Conference Papers 749
